Variable	Description
AmountDelinquent	Dollars delinquent at the time the credit profile was pulled.
AvailableBankcardCredit	The total available credit via bank card at the time the credit profile was pulled.
BankcardUtilization	The percentage of available revolving credit that is utilized at the time the credit profile was pulled.
BorrowerAPR	The Borrower's Annual Percentage Rate (APR) for the loan.
BorrowerRate	The Borrower's interest rate for this loan.
BorrowerState	The two letter abbreviation of the state of the address of the borrower at the time the Listing was created.
ClosedDate	Closed date is applicable for Cancelled, Completed, Chargedoff and Defaulted loan statuses.
CreditGrade	The Credit rating that was assigned at the time the listing went live. Applicable for listings pre-2009 period and will only be populated for those listings.
CreditScoreRangeLower	The lower value representing the range of the borrower's credit score as provided by a consumer credit rating agency.
CreditScoreRangeUpper	The upper value representing the range of the borrower's credit score as provided by a consumer credit rating agency.
CurrentCreditLines	Number of current credit lines at the time the credit profile was pulled.
CurrentDelinquencies	Number of accounts delinquent at the time the credit profile was pulled.
CurrentlyInGroup	Specifies whether or not the Borrower was in a group at the time the listing was created.
DateCreditPulled	The date the credit profile was pulled.
DebtToIncomeRatio	The debt to income ratio of the borrower at the time the credit profile was pulled. This value is Null if the debt to income ratio is not available. This value is capped at 10.01 (any debt to income ratio larger than 1000% will be returned as 1001%).
DelinquenciesLast7Years	Number of delinquencies in the past 7 years at the time the credit profile was pulled.
EmploymentStatus	The employment status of the borrower at the time they posted the listing.
EmploymentStatusDuration	The length in months of the employment status at the time the listing was created.
EstimatedEffectiveYield	Effective yield is equal to the borrower interest rate (i) minus the servicing fee rate, (ii) minus estimated uncollected interest on charge-offs, (iii) plus estimated collected late fees. Applicable for loans originated after July 2009.
EstimatedLoss	Estimated loss is the estimated principal loss on charge-offs. Applicable for loans originated after July 2009.
EstimatedReturn	The estimated return assigned to the listing at the time it was created. Estimated return is the difference between the Estimated Effective Yield and the Estimated Loss Rate. Applicable for loans originated after July 2009.
FirstRecordedCreditLine	The date the first credit line was opened.
GroupKey	The Key of the group in which the Borrower is a member of. Value will be null if the borrower does not have a group affiliation.
IncomeRange	The income range of the borrower at the time the listing was created.
IncomeVerifiable	The borrower indicated they have the required documentation to support their income.
InquiriesLast6Months	Number of inquiries in the past six months at the time the credit profile was pulled.
InvestmentFromFriendsAmount	Dollar amount of investments that were made by friends.
InvestmentFromFriendsCount	Number of friends that made an investment in the loan.
Investors	The number of investors that funded the loan.
IsBorrowerHomeowner	A Borrower will be classified as a homowner if they have a mortgage on their credit profile or provide documentation confirming they are a homeowner.
LenderYield	The Lender yield on the loan. Lender yield is equal to the interest rate on the loan less the servicing fee.
ListingCategory	The category of the listing that the borrower selected when posting their listing: 0 - Not Available, 1 - Debt Consolidation, 2 - Home Improvement, 3 - Business, 4 - Personal Loan, 5 - Student Use, 6 - Auto, 7 - Other, 8 - Baby&Adoption, 9 - Boat, 10 - Cosmetic Procedure, 11 - Engagement Ring, 12 - Green Loans, 13 - Household Expenses, 14 - Large Purchases, 15 - Medical/Dental, 16 - Motorcycle, 17 - RV, 18 - Taxes, 19 - Vacation, 20 - Wedding Loans

Unique key for each listing, same value as the 'key' used in the listing object in the API. isstingNumber The number that uniquely identifies the listing to the public as displayed on the website.
